Information on the Students Programme surrounding the ENPHE Conference in Vienna 2012

On the 6th and 7th November 2012 the International Student Body (ISB) organizes a student programme surrounding the ENPHE Conference.

The student programme will be available for all level students (Bachelor, Master, PhD). The programme is part of the ENPHE Conference and is linked to the ER-WCPT Congress (European Region of the World Confederation for Physical Therapy).

Next to a very attractive Bachelor student programme, a special Master programme will also be organized. This programme is available exclusively for Master and PhD students.

The Master programme contains three different courses over a period of 1,5 days (Tuesday 6th November and Wednesday 7th November) in addition to a half day (Wednesday afternoon) joining the ENPHE Conference. The ISB student programme is one full day (Tuesday 6th November), where students make a choice out of three courses for the afternoon programme. On the second day (Wednesday 7th November) students will attend the ENPHE Conference.

Registration can be done through the conference website. In order for you to enter the right programme, we ask you to fill in the course you currently follow at the registration page. Master and PhD students get the option to either follow the Bachelor or the Master programme.

For the ISB student programme a maximum of 80 students can register. The Master programme will hold a maximum of 30 students. If too many students register we will try to maximize the diversity of participating countries.

Registration fee for students is € 110 (including € 35 optional for the social event). This fee includes admission for the student programme, ENPHE Conference, Welcome Reception, tea & coffee breaks and lunch on Tuesday & Wednesday (and if chosen and paid the Social Event on Tuesday evening at the "Haus der Musik"/"House of Music").
